

# Stonnall Neighbourhood Plan Community Housing Needs Survey

The purpose of this survey is to better understand the housing needs of the residents of Stonnall at the current time and into the future. The Neighbourhood Plan is not proposing to allocate sites for development outside the village, recognising the important protection provided by the presence of the Green Belt. Your responses will provide important evidence to shape the policy in the Stonnall Neighbourhood Plan Review and ultimately inform what type of housing should be built in the village if sites were to come forward in the future. **All answers will remain confidential and will be used solely to inform the development of the plan.** The community will have an opportunity to have their say about the emerging policies in the Neighbourhood Plan Review once they have been drafted.

Please only tick one box per question.
